PROFILE Melbourne, VIC, Australia
Data engineer who spends most of the
linkedin.com/in/aidenbrooks
day in SQL and Airflow. I care about
github.com/aidenbrooks
pipelines that fail loudly and are
cheap to re-run.

SKILLS

Python

EXPERIENCE

SQL

Airflow

Data Engineer dbt
Ferngrove Analytics Snowflake
Feb 2022 - Present Terraform
Rebuilt the ingestion layer so late
arriving events no longer corrupt EDUCATION
daily aggregates. BSc Statistics
Documented every dataset owner, Monash
University
which ended a long-running argument 2016 -
2019
about who fixes what.

LANGUAGES

Analytics Engineer English - Native
Halcyon Retail Mandarin - Intermediate
Jun 2019 - Jan 2022
Modelled the sales mart in dbt and
retired fourteen hand-written views.
Added tests that caught a broken
currency conversion before finance
saw it.
